19 Feb 1963

Honorable Bernard L. Boutin  
Administrator  
General Services Administration  
Washington 25, D. C.

Dear Mr. Boutin:

25X1

I am pleased that elements of the Central Intelligence Agency were able to move [redacted] on schedule beginning 1 January 1963. As you know, construction was originally scheduled for completion in August 1963 but in the national interest this date was advanced to 31 December 1962, a difficult deadline to meet.

This installation is of great importance to the national security, and the substantially improved capabilities provided [redacted] are due in large measure to the attention which the General Services Administration and the Public Buildings Service gave to expediting the design and construction of the building.

25

I deeply appreciate the splendid cooperation and outstanding performance of your organization in this common effort to provide a vital facility.

Sincerely,

131

John A. McCone  
Director

Dear Mr. McCloskey:

As you know, the Central Intelligence Agency has been keenly interested in the renovation and construction [redacted] at the [redacted]. I am aware of the fact that construction was originally scheduled for completion in August 1963 and that your company, understanding that it was in the national interest to expedite the project, undertook to complete it in December 1962. This was a difficult deadline to meet but your people put forth an extraordinary effort during the entire construction period to ensure completion on schedule.

25X

This installation is of great importance to the national security, and the substantially improved capabilities now provided at [redacted] [redacted] are due in large measure to the outstanding performance of your company.
